1	David Ford	Hi, thank you. So for anyone who doesn't know me: David Ford with the California Medical Association. I'm absolutely sure I will not be the only one to mention this this morning but with the release of the Trusted Exchange Framework and Common Agreement (TEFCA) by the ONC this morning – in fact right as I'm saying this I see Dr. Lane putting stuff in the chat box about it – that forms a nice background I think for this work. I doubt that any of us, possibly with the exception of Dr. Lane, have had the time to digest it yet, but it obviously will influence and can suggest some directions for the work of this committee so I just wanted to mention it. Thank you.
