1.	Katie Kelsch	This is my first meeting. Could you please elaborate on the role of Public Health in DxF? 6.	Kimberly Nguyen	How do we check/ensure whether we'll be able to meet data exchange expectations?	I recommend you start by way of reviewing the P&Ps, https://www.cdii.ca.gov/committees-and-advisory-groups/data-exchange-framework/#dxf-data-sharing-agreement-and-policies-procedures as well as read the Grant Guidance Document when it is posted this week.
7.	Tina Christopulos	I see CPCA is listed as providing education for FQHCs. However, am I correct that an individual FQHC is not the type of entity that should be signing the DSA?	Any organization that can meet the obligations of the DSA and P&Ps may choose to sign the DSA and become a Participant in the DxF. Please contact CPCA for more information on FQHC participation or our FAQ at https://www.cdii.ca.gov/wp-content/uploads/2023/04/Data-Exchange-Framework-FAQ-2023-4-3-006.pdf for more information on who is required to sign the DSA.

10.	Rachel Goldberg	Does CDII have an estimate for what percentage of the $47 million will be reserved for Round 3 when non-required signatories are eligible?	We do not. Number of applicants and level of funding are variables that we do not have a lens into yet.
11.	Lynette Beckedahl	Have any of the HQIO's been identified as of yet?	No. The CDII Qualified HIO Program timeline expects QHIOs to be named early Summer 2023. 12.	Bill Carlson	Can you specify what organizations have recieved grants or you are targeting for grants? Also, are organizations with both software platforms and implementation capabilites eleigible for a grant?	Thus far, only the 8 Education Grantees have been awarded a grant and are contracted with CDII. We do plan on sharing who is awarded a grant. Rounds 1 and 2 applicants must be required signatory types.
13.	Anthony Ly	as voluntary entity, do we have to sign before applying of grants?	Hi Anthony, thanks for your question! In order for an entity to be eligible for a DSA Signatory Grant, they must be a signatory of the DSA.
14.	Anthony Ly	thank you	Of course- happy to help!
15.	Lynette Beckedahl	If you are already sharing data with an HIE and that HIE becomes a QHIO and you have signed the DSA does this satisfy the data sharing requirement?	If you use an HIE or other intermediary to facilitate data sharing, it may provide the technical capabilities for you to meet your data sharing obligations. A QHIO will have been assessed to ensure it does. However, you should still review the P&Ps to ensure you are meeting your data sharing obligations by sharing all data necessary with and through your selected HIE or intermediary. Please contact us at CDII@chhs.ca.gov if you have additional questions regarding use of a QHIO or other HIO.
16.	Edward Sanders	Do FQHCs qualify for the first two expedited Rounds of funding?

17.	Anthony Ly	are PATH-CITED grantees eligible for the DxF TA or QHIOs onboarding grant funding?	Hi Anthony, thanks for your question! If an entity is already recieving PATH/CITED funding, they will still eligible to apply for either the TA Grant or the QHIO Onboarding Grant Funding.
18.	Tina Christopulos	Hi Camille, And does that include entities that fall under a larger enttity that has signed the DSA?	Hi Tina, thanks for your question! A parent organization may sign the DSA on behalf of a "subordinate organization," and in the case of determining eligiblity for this grant, this subordinate organization would be considered a signatory.
19.	Anthony Ly	is there a cost associated with getting assistance/giudance from CAHIE with submitting an application?	No.
20.	Kimberly Nguyen	Are FQHCs eligible for Round 1/2 funding?	
21.	Virupaxi Nagathan	When will be the applications be called for QHIO?	The CDII Qualified HIO Program timeline expects QHIOs to be named early Summer 2023. A draft of the application will be available for public comment shortly.
