CALIFORNIA HEALTH & HUMAN SERVICES AGENCY

Compliance Oversight Program Training

CDII has statutory responsibility to ensure state entities comply with laws and regulations to protect the privacy and security of health information. This training video describes the CDII Compliance Oversight Program with an emphasis on the process to complete reviews and assess compliance.

Completing the Compliance Oversight Program training video will provide an:

► Understanding of the Compliance Oversight Program
► Understanding of the 3 types of compliance reviews
► Understanding of the 5 phases in a compliance review
► Awareness of the roles and responsibilities for state entities to participate in a compliance review
► Orientation to additional information and resources for the Compliance Oversight Program and reviews

Main Topics Covered in the Training

► Overview of the Compliance Oversight Program
► Identifying state entities to participate in compliance reviews
► Introduction to the Statewide Health Information Policy Manual (SHIPM)
► Description of the process and activities to complete a compliance review
► Description of additional information and tools to support the Compliance Oversight Program

Compliance Oversight Program Goals

- Create a collaborative culture of compliance
- Keep health information safe
- Provide technical assistance to secure and protect health information
