Meeting #10 Q&A Log (10:00 AM – 12:00 PM PT, October 10, 2023)

The following table shows comments that were entered into the Zoom Q&A by public attendees during the October 10, 2023 meeting:

Count	Name	Comment	Response(s)[1]
1	Lucy Saenz	Lucy Saenz here from CPCA representing Cindy Keltner	Thanks Lucy!
2	Sanjay Jain	Slide#20 - QHIOs are required to start sending ADTs to DxF participants by 7/31/2024. How is it in sync with DxF implementation due date 1/31/2024 ?	Sanjay, QHIOs are required to implement ADT capabilities over time with 3 milestones: 1 - Capability to receive ADT messages from acute care facilites by January 31, 2024 2- Capability to receive a roster of individuals to monitor for ADT events by April 30, 2024 3- Ability to match an incoming ADT event to an individual on the roster, notify the Participant who submitted the roster, and share the ADT events with other QHIOs by 7/31/2024. So, while some ADT features will start on January 31, the full complement of features will take until July 31, 2024.
3	"Stacey Evans, Public Health Nurse, Sonoma County"	How would the umberlla concept work for local public health. County DSA: For example multpal programs, but one DSA?	There is likely a component of whether the multiple programs utilize more than one instance of electronic record technology. I would encourage you to attend the Round 3 Grant Program Webinar on Oct 24th from 9 a.m. - 10 a.m. Registration will be on our webpage and included in our Tuesday DxF Weekly Update email (if not today's version then next week's).
4	Sanjay Jain	Thanks Cindy. Follow up question - If a DxF participant choses QHIO to meet DxF requirement then with

		above timelines that participant would not be able to compleley meet DxF requirements by 1/31, Correct ?	
5	"Stacey Evans, Public Health Nurse, Sonoma County"	Could you define "instance"?	live answered
6	"Stacey Evans, Public Health Nurse, Sonoma County"	Could you define "instance"?	apologies, hit the incorrect button. Please see our Grant Guidance document, https://www.cdii.ca.gov/wp-content/uploads/2023/05/DSA-Signatory-Grants-Applicant-Guidance-Document-07.11.23_UPDATE_FINAL-1.pdf. We plan on having instances covered during the mentioned Round 3 Webinar. If you are entertaining a QHIO Onboarding grant, you can contact CAHIE prior to the round opening 10/16/23. grantsupport@cahie.org to contact CAHIE.
7	Zach Gillen (KP)	Legacy, point-to-point interfaces often require both the sender and reciever to make updates to accomodate any changes (e.g., updates for USCDI v2). How will that be addressed if one party is ready to update but the other is not? What about for interfaces with Counties or others that might not yet be signatories of the DSA?	Good question. As you note, as as required by the Technical Requirements for Exchange P&P, both parties must agree to standards for point-to-point connections.
8	"Stacey Evans, Public Health Nurse, Sonoma County"	Thank you. I'll come on 10/24. I am research on behalf of my program. The county is interested in using TA for more than my program. I'll review the link. Briefly I want to know if programs can be considered as intances.	I would like to look into options and send you an email. Can you send me your email or send an email to chhs.ca.gov?
9	John Helvey	Is there a list of choices and sub choices for participants to choose? We need to have common language for all. Change is "always", what are	Thank you for your question. We will discuss this question with draft language for the P&P at the upcoming DSA and P&P Subcommittee meeting. The quesiton you raise is a good one for discussion.

		the requirements to update "change" as it relates to time frames. There are 4500 CareQuality connections in CA, how are particpants expected to navigate that list alone, let alone eHX, or QHIO's | HIO's participants?	
10	John Helvey	Agree with David Ford for aligning on Goverance Model	live answered
11	John Helvey	Agree with David Ford for aligning on Goverance Model	apologize, that "answer live" button gets me too often. Thank you for your comment John.
